

# evaluation of foresight exercises

*Mihaela Ghişa*

EU-SPRI PHD Spring School  
15<sup>th</sup> March 2012

# Why evaluation

- To improve foresight processes and expand the practice
- To increase authority, legitimacy and credibility of foresight
- To improve foresight policy transfer
- To be able to compare foresights
- To avoid leaking foresight results into black holes...

What might different actors  
**expect**  
from a foresight evaluation?

*answers...*

*here are few*

# Commissioners

- Is foresight worth the time and money?
- Was the activity efficiently managed?
- Did it have input to policy thinking /initiatives  
?

# Experts/stakeholders/end users

- Was it a well done foresight?
- What did people learn from the foresight process ?
- What was the impact ?
- Are the results accessible (available + understandable) ?
- Use of formed networks ?

# Foresight experts/team

- Mutual learning
- Futures literacy
- Communication of results (intermediate + final)
- Foresight culture
- Small steps for anticipatory societies..

Thank you !
