Evening Programme

Monday

17.15 Barbecue

Location: outside in front of the Educatorium building.

19.30 Night canoeing - Explore the canals of Utrecht by night/twilight! While the sun is setting we will explore the waters surrounding Utrecht. You will be using a canoe and peddle through the narrow canals. We will travel under dark, low and very old bridges and experience the city in a whole new way. Since water used to be a traditional way of transportation (mainly of goods) this is also a way to get to know a bit more about the Dutch traditional culture.

It is possible to drop your luggage such as laptops at venue Unnik 202, where it will be stored till the next morning. It is also possible to drop your luggage at the meeting point. Later on, your luggage will be transported by 'Botenverhuur de Rijnstroom' to the final destination of the canoeing tour at the city centre of Utrecht. Note that this possibility is at own risk.

Meeting point:

Botenverhuur de Rijnstroom

Weg naar Rhijnauwen 2
