

Wrapping up: Back to the system level

Frank van Rijnsoever, Harro van Lente

Aims

- Identify lessons learned
- Tackle remaining questions
- Link micro-level theories to system dynamics

Our week in building blocks

Innovation system

Supply

Knowledge
production

Demand

Government

Technological
Innovation

Assignment

- Write down for each day:
 - What are the main lessons learned?
 - What questions remain?

Assignment

- Identify **consistencies** and **inconsistencies** between existing **system level** theories, **micro-level theories**.
 - What does that mean?
 - Is it a problem?
 - How can you use institutions to repair those inconsistencies?

Questions?
